

The DREAM Act Legislative Update

On October 24, 2007, a bipartisan 52-44 Senate vote fell short of the 60 votes needed for the DREAM Act to move forward.

MCC is disappointed that the immigration debate is not moving forward and working towards solving a predicament that has unjustly affected the futures of many young people.

While there is no determined time for when the DREAM Act may be revived or passed, you can continue to make a difference by expressing your thanks or disappointment to your Senators on this vote.
