Spring Seminar 2009

The Global Food Crisis *Hunger for Justice*

Much of the world continues to suffer from a **global food crisis**. MCC invites you to a seminar that will examine the food crisis, its causes and how we can respond. The seminar will offer a theological perspective, a discussion of the root causes of the crisis and it will equip you with tools to effectively advocate for solutions. The seminar will include speakers, workshops and a congressional perspective.

Invited Speaker — Sen. Pat Roberts
